## Commissioners Greet New Manager

Henry J. Rolfes, Jr., Bristol Township's new manager (seated right) was officially welcomed by the Bristol Township Board of Commissioners last night. Among those greeting him were: John S. Gallagher, vice president of the Board (seated left); standing in rear (from left) Fred K. Hibbs, Wayne Locke, and Eugene Kehoe, board president.

## Good Evening!

April showers.

They're magic for the lawns, gardens, shrubbery, trees. You notice everything busting out in glory?

Prettiest places in the whole wide world these days are the Langhorns.

Dulles' first major foreign policy speech before publishers in New York yesterday a good one.

He rejects the idea of inevitable war between the free world and Communism and insists that patience in the quest for peace will pay off.

Most thoughtful people will string along with that.

Killer Darcy secretly shifted from Eastern Penitentiary to Graterford Pen in Montgomery county, the "country club" of the state's penal system.

Well, you can say this again: Darcy is living proof that you can get away with murder in Pennsylvania if you have the right political connections.

The Pardons Board inquiry is showing beyond all doubt that he has 'em—right at the top.

LPRA drive for funds lagging.

Word to the wise Levittowners: Get your subscription in pronto because those magnificent swimming pools will be operating sooner than you think.

The man phoned the mental hospital to ask if any man had escaped.

"No," said a doctor. "Why?" "Well," replied the caller, "I just wondered... somebody has just run off with my wife."

"And furthermore," the female battle-axe told her lawyer, "you might warn my husband that if he misses a single alimony payment, I'll repossess him."

If you drive, be careful.

# Rolfes Takes Hold In Manager Post

By GORDON PARKER  
Courier and Times Staff Writer

Bristol Township Board of Commissioners officially welcomed the new township manager Henry J. Rolfes, Jr., at an informal dinner last night in Flannery's.

The board proposed Mr. Rolfes delay the start of his management until Monday to give him a chance to settle his personal affairs and "feel his way round."

At the dinner, Mr. Rolfes explained that under a manager form of government there should be no administrative committees of commissioners, such as have been directing township affairs in the past.

Administrative responsibilities should fall on the manager. The presence of committees, he said, "would only breed confusion in the minds of department heads."

### On Legislation

However he explained the commissioners could and should form committees to study and consider proposed legislation.

In the past, chairmanship and make up of the various committees have been the cause of political maneuvering.

Since the developments in the

## Strike Talks Get Mediator

Federal Mediator John Murray this morning sat down at the bargaining table with officials of the Warner Co. and of the Longshoremen's union which represents its four tugboat captains, seeking to end the ten-day-old strike.

## U.S. View On Disarming Is Reaffirmed

Eisenhower Sends Stassen To London For Conference

AUGUSTA, Ga. (UP) — President Eisenhower sent Harold E. Stassen back to the London disarmament talks today with reaffirmation of this country's belief that reduction in world arms must come a step at a time.

The President and his disarmament representative at the five-power talks in London talked for 75 minutes today. They explored the progress made to date toward some type of working agreement with Russia on a dependable start in the reduction of conventional or non-nuclear arms and the inauguration of an international inspection system.

Stassen left Augusta immediately after his early morning talk with the President and will pause in Washington for a brief afternoon meeting with Secretary of State John Foster Dulles before continuing on to London late in the day.

After the meeting, White House Press Secretary James C. Hagerty issued this statement:

"The President received from Mr. Stassen a review of the London talks. The President has followed these London discussions with interest. He had arranged with the Secretary of State to have Mr. Stassen come to Augusta to give him a personal report."

"The President encouraged the

## Up For 7th Straight Month

# 1,400,000 Get Raise On Cost Of Living

WASHINGTON — UP — The government reported today that the cost of living reached a new record for the seventh straight month in March.

It brought automatic wage hikes of 1 to 3 cents an hour for 1,400,000 workers.

The government also reported that the purchasing power of the average factory worker's pay-check declined in March for the second month in a row. The decline wiped out gains made in buying power since March, of 1956.

The Bureau of Labor Statistics' price index rose two-tenths of one percent between February and March to 118.9 percent of average 1947-1949 prices. The index was 3.7 percent higher than a year ago.

The rise means a 3-cent hourly pay raise for nearly one million railroad workers on May 1

under semi-annual wage escalation provisions in their wage contracts. Another 400,000 workers scattered through the aircraft, electrical, and a variety of other industries also will get some pay raises under similar clauses.

The BLS reported that average weekly take-home pay — earnings after federal taxes — for factory workers declined by more than 30 cents between February and March. The decline, it said, reflected a drop in the average work week.

The average factory take-home pay in March for a worker with three dependents was \$74.65 a week.

The decline in take-home pay and the rise in the cost of living combined to drop buying power of the average factory worker to slightly lower than a year ago. The BLS said it was the first time in more than 2½

years that the monthly buying power figure showed no increase over the previous year.

BLS reported that food prices declined four-tenths of one percent in March, mainly for eggs and pork. Increases for all other major groups of goods and services more than offset the decline.

Price increases were reported for rents, dry cleaning and laundry services, water rates, mortgage interest rates, and home maintenance cost; clothing, used cars, gasoline and motor oil, medical care, haircuts, toiletries, movie admissions, newspapers, and television sets.

H. E. Riley, chief of the BLS price division, said the outlook for April is for further increases in major groups of goods and services, including food.

He refused to predict what might lie ahead beyond April.

## Jordan Head Reported Out

By UNITED PRESS

Cairo radio reported without confirmation that Jordan's moderate Premier Hussein Khalidi resigned today in the face of opposition from leftist elements. The broadcast was heard in London.

The broadcast quoted Egypt's semi-official Middle East News Agency. The agency often is used as a propaganda mouthpiece by Egypt, which would like to see the uneasy Jordan situation kept in a state of turmoil.

The broadcast said Khalidi, who took office last week following the ouster of pro-Egyptian, pro-Soviet Premier Suleiman Nabulsi, handed King Hussein his resignation after consulting with his cabinet.

There was no immediate confirmation of the Cairo report from Amman, Jordan's capital, where correspondents are subject to strict censorship.

But it was known that leftist party leaders consolidated their forces against Khalidi Monday night during a so-called "national guidance committee" conference in Nabulus, Jordan. Nabulus is a town west of the Jordan River and a center of pro-Egyptian sentiment.

## Hundreds Of Texans Flee Before Flood

## Senate Nod Is Required For Reality

Orders Are Placed For Picnic Items And Facilities

The Bucks County Park Board and Bristol Borough officials last night reached unanimous agreement on developing recreational facilities to open a county park at Silver Lake this summer.

At the same time, J. Claude Bowen, park board chairman, said Bristol Township commissioners have also approved the joint plan.

### Equipment Orders

As a result of last night's agreement, the board is now placing orders for picnic tables and benches, stoves, and other facilities to make the park useable for recreation. Mr. Bowen said. The county board will work out details for the park operation and maintenance with borough and township representatives.

Noting the park plans still depend upon legislation transferring the property from the State Fish Commission to the county, Mr. Bowen cited the successful passage of the measure in the State House of Representatives and said he anticipates the Senate will pass it shortly.

### Representatives

Borough Councilmen Henry Kornstedt, finance and public property committee chairman, and Alfred Cordisco, recreation committee representative, acted for the borough at the meeting. Bristol Township's representatives, Commissioners Harold Lefcourt and Albert Rogers, could not attend because of a meeting the commissioners held with their new township manager.

President John T. Welsh, of the Bucks County commissioners, was also present. Park board mem-

## Three Teenagers Confess Burglary

Three teenage boys arrested by Bristol Borough police shortly after a burglary was discovered at Tardino's Restaurant, Radclif-

fe St., Bristol, last night admitted the burglary and confessed to stealing a car yesterday afternoon.

Detective Vincent Faragalli today continued questioning the boys, two of them 15 and one 13 years old. He said they have appeared in juvenile court in the past for previous burglaries.

### Called To Restaurant

The police were called to the restaurant at 6:50 p.m. yesterday by John Camisa, an employee of the restaurant, who discovered the break-in on opening the place. Two cigarette machines, a cigar vending machine, and a pinball machine were broken and looted of \$19 in cash. The restaurant was ransacked.

While Patrolmen William Bolton and Fred Kornstedt investigated, Detective Faragalli received a telephone message from the parents of one of the three boys that he was missing. The detective alerted the officers, who found the trio in the municipal parking lot.

Under questioning, the boys said they broke into the restaurant at 12:30 a.m. yesterday. They said they stole the car at 1:30 p.m. from the Pennsylvania Railroad parking lot, drove to Levittown, then back to Bristol.

The car was abandoned behind the old Bath St. elementary school. It belongs to Joseph L. Roe, 21 Murphy Lane, Bristol Terrace 1, who had reported the loss to police.

## Drunk Driver Fined \$350

A Bethlehem man who 15 months ago backed into an oncoming auto on Route 1, Falls township, yesterday was fined \$350 after pleading guilty to a drunken driving charge.

The man, Bert Deputy, was also given a suspended sentence by Judge I. Louis Rubin on another charge of failing to identify himself at the scene of an accident.

Deputy was arrested Jan. 24, 1955, by Falls township police after hitting a car owned by Walter Luff, Ivyland. He was pronounced drunk by Dr. William B. Suter, Fairless Hills.

Luff testified that he was going toward Morrisville on Route 1 when he saw Deputy's car, facing the same direction, parked partly off the highway.

He said that as he approached, Deputy backed his auto into him with no warning.

A passenger in Luff's car got part of Deputy's license as the latter drove off, and Deputy was picked up a short time later in Middletown township and turned over to Falls police.

It has been announced that the co-operative school is now accepting applications for the fall term beginning in September. Children who will be three years and eight months old at that time are eligible. The school is licensed by the state of Pennsylvania and employs full time teachers and an administrator. Nursery and kindergarten are held in separate classes.

### Non-Profit

"Many of our members and prospective members are not fully aware of what makes our school 'tick,'" said Martin W. Parcel, president, in announcing the meeting. "We hope to give a full picture of the operation."

The association was founded three years ago. It is non-sectarian and non-profit. Parents must contribute some of their time in order for their children to attend.

## \$1 Salk Shots To Be Given On Two Days

Polio clinics, with Salk vaccine shots to be offered for \$1, are scheduled for next Tuesday and Wednesday, April 30 and May 1, in the Pennsbury Schools.

The Pennsbury Schools Advisory Health Council, under the direction of Joseph W. Rohrbaugh, reports that many of the area children have not received all of their inoculations.

It is strongly recommended by the Pennsbury Schools that all those up to 20 years of age take advantage of this opportunity.

### Expectant Mothers

Expectant mothers are also urged to have the inoculation at this time.

Mr. Rohrbaugh announced the schedule as follows: Tuesday, April 30, at the Pennsbury Senior High School for students of Pennsbury Senior High, Boehm Junior High, Yardley and Makefield Elementary Schools; and Wednesday, May 1 at the William Penn Junior High School for students of William Penn Junior High, Fallsington, Manor, Fairless View, Penn Valley, and Oxford Elementary Schools.

### Eligible For Shots

Students, pre-school children, adults under 20, and pregnant women will be eligible for participation in these clinics if one month has elapsed since the first shot, if seven months have elapsed since the second shot, or if they have not received any shots at all.

Additional clinics will be held at the Pennsbury High School May 31 and the William Penn Junior High School on June 3 to enable those who will be receiving their first shot to get their second shot before the coming summer polio season.

## Polio Clinic Date Changed

The polio inoculations scheduled for April in the Benjamin Franklin Junior High School will not be given to elementary students at the time previously announced.

Because of the volume of response from parents of children in the elementary grades, a special day will be set aside during May for their inoculations. The exact date will be announced later.

## Seeing Levittown

By LEE GARB

SPRING IS HERE DEPT: The Levittown Senior Drum and Bugle Corps will be having its first outdoor drill session on Sunday, at the parking lot adjacent to the Towne Theatre, starting at 2:30 p.m. . . let's promote an audience!

And just to prove that there are plenty of people around who don't want to wait until the last minute. . . a group in Holly Hill is getting together on Thursday to plan a July 4th celebration. Reminds me of the time Harriet Kneller and I promoted the idea that the Levittown Civic Association form a "Levittown Centennial Celebration" committee. (Sometimes a meeting gets hard up for new business. . . just trying to be bright and helpful!)

And speaking of LCA. . . tonight's meeting in Thomas Jefferson School will be open for officer nominations. Lots of offices and committee positions to be filled. If you're griping about things not being done, here's your opportunity to do something besides gripe. . . see you there?

A person called yesterday to tell us that someone was snapping the heads off her daffodils and narcissus as soon as they bloomed. . . and if it didn't stop she'd plant venus flytrap, exclusively. Just before going to press she called back to report having

### On Social Security

## Cantor to Donate Check to Camp

HOLLYWOOD (UP)—Comedian Eddie Cantor and his wife Ida, who was wearing an expensive sable stole, appeared in a chauffeur-driven Cadillac yesterday to collect a \$323.40 Social Security check from the government.

The veteran singer-actor, one of the top money-makers in the entertainment world, said the check would be donated to the Surprise Lake Camp for Boys in New York

where he went 53 years ago this summer and sang his first song. Cantor received the check at the Hollywood branch of the Social Security Administration on the basis of his having reached the age of 65 last Jan. 31. The check covered Cantor's unemployment during February and March. "My Social Security is just like any other insurance," Cantor said. "It pays off at certain times and is not a handout."

Although Social Security records are confidential, the comedian insisted in making the event public "so millions of people will know they are eligible for old age insurance payments, not based on need, but earned as an insured right."

Douglass said a wildlife expert will be brought in to supervise the incubation, which is expected to last about a month.

### Concerted Effort

"We fought the extension since the idea was first conceived about five or six years ago but probably lost out because of lack of concerted effort."

"We might not have been able to halt the extension plan but we are hopeful we have learned enough to halt the State's plan for the by-pass."

### To New Bridge

At a protest meeting with Lower Makefield residents last week in Harrisburg, Joseph Lawler, secretary of highways, said the State plans to build a by-pass around Yardley but through Lower Makefield to the new bridge at Scudder's Falls.

No meetings have been set yet to form the citizens committee but the supervisor indicated all interested groups will be contacted soon to get the program going.

Lower Makefield citizens have been registering their protests by mail with Governor Leader on the extension approval.

"The public may not be able to halt the extension but they wish to get their complaints on public record," Mr. Johnson said.
